A few words from the CEO...

This month, I'm eager to share some exciting news. Thanks to a generous grant from the Saint Luke's Foundation, BSP will begin its journey to become a more memory-care friendly community. I've heard from you how important staff training and education is to ensure we best care for residents with memory issues and interact well with them

and their loved ones. I've also heard the importance of offering opportunities for our community to learn more about the topic.

A highly regarded, nationally known organization, Integrate, will visit this month to assess our current programs and training. From that assessment, they will help design a training plan for our staff. We plan to implement the training this year so we can better support our residents as they age in place. This training will also set us up for success when we open our new memory care area.

Integrate will meet with staff, leadership, residents, and providers, so don't be surprised if you are asked to participate in some panel conversations while they are here. If this is a topic you are personally passionate about, please let me know if you would like to be part of these conversations.

Warm regards, Dee

Chaplain's CORNER

It's spring at Loose Park, and there's a new family of Canada geese: seven fuzzy goslings, Mom, Dad, and a third adult (maybe the nanny?). The little ones are barely three weeks old but they're already scooting around the water like Olympic contenders—often with an adult in hot pursuit. Sound familiar?

Mom and Dad are mated for life. A couple years ago, a goose whose mate was killed in a parking lot refused to leave the spot where he died. She mourned him there for three months, until a local animal rescue organization moved her to their center where, hopefully, she will recover.

Geese, people, every living thing, all of us exist by the will of the Lord of love, and reflect that love in a multiplicity of ways, all of them wondrous to behold. May we keep our eyes open!

*All things bright and beautiful, all creatures great and small,
All things wise and wonderful, the Lord God made them all.*

—Chaplain Kathy Hall

Thoughtful Quotes from BSP Folks

Shared by Susie Harman:

THE HUMAN TOUCH

'Tis the human touch
in this world that counts,
The touch of your hand and
mine,
Which means far more
to the fainting heart
Than shelter and bread and
wine.
For shelter is gone
when the night is o'er,
And bread lasts only a day.
But the touch of the hand
And the sound of the voice
Sing on in the soul always.

Come to the Memorial Garden, just outside the south entrance to Windsor Care. It's time to see the first of our perennial flowers. Of particular interest may be the columbines in three different locations. Each delights passersby with a crown of tiny flowers which, from afar, resembles the flight of miniature butterflies with every gentle breeze. A second columbine variety is semi-hidden behind the concrete bench. Columbines are self-seeding and will re-bloom after allowing their seeds to begin their flight with a useful wind.

Of new interest will be some irises planted last fall next to the angel beneath the memorial plaques on the brick wall. These are a new variety; each will bloom more than once, unlike the other irises in the garden.

Our annual visitors, the voracious beetles, are soon to arrive. They especially enjoy munching on clematis flowers and leaves. Roses seem to be a second choice. At least one mature tree near the north entrance of Windsor Care was nearly eaten alive last summer with only the veins of its leaves remaining, obviously unappetizing to the visitors. The *Old Farmer's 2019 Almanac* recommends, as a last resort, that the adult beetles be squished or dropped into a container of soapy water.
